

KNEW BOTH.

Annie Boghines Identifies Two of
Mr. E. E. Brown's Assistants.She Confronted the Men Under Arrest
in Chief Harrigan's Office.AT A SECOND EXAMINATION SHE
PICKED OUT THE THIRD.Ben Von Phul Reported to the Police That
He Also Witnessed the Assault—He
Corroborates the Story Told by the
Colored Woman of the Flight of the
Murderers—An Interesting Scene in
the Chief's Office.Another link was added to the chain
of evidence against the three suspects who
are under arrest for the murder of Edwin
E. Brown of 119 Morgan street, the live stock
dealer, who was robbed and murdered at
Garrison and Franklin avenues on the even-
ing of March 2. Detectives Badger and Flynn
last night about 7 o'clock discovered another
colored woman who witnessed the tragedy.
Her name is Annie Boghines and she lives at 4061 Easton avenue. She
called at the Four Courts to-day and post-
ively identified Henry Kaiser and Jacob
Heinze, two of the men arrested, as the ones
she saw assault and rob Brown. She is not
sure about Charles McDonnell, but heard one
of the colored women call some one "Charlie."The colored woman called at the
Four Courts to-day a little be-
fore 10 o'clock, and was taken
into Acting Chief of Police Reilly's office.
The three suspected men were brought before
her, together with two other prisoners, without
she being told which were the Brown
suspects. She immediately picked out Kaiser
and Heinze and identified them. Kaiser is
the man who was identified yesterday by
the other two colored women. He
endeavored to put on a bold frontThe Pictures in Mr. Brown's Missing Watch,
and remarked with a sneer to Mrs.
Hogen. "How much did you get for
identifying me?" "I did not get any-
thing," said she. "It is the truth. I would
not say so if it was not. I would swear it on
the corpus. She also said that Heinze
was man who turned Brown over and said:
"Search his hip pocket."Mrs. Boghines' story is that she was
going west on Franklin avenue. She
left home to go down town, and got off of the Easton avenue
car to see a friend at East Hill street. When
she left her friend's she ran down on
Franklin avenue and was going west on
Franklin avenue to take the Easton avenue
car at Garrison avenue. She saw three men
approach Brown and demand his money.
There was a fourth man across the street.
One of the men whom she identified as
Kaiser choked Brown and another one
struck him with his fist. She said that
the man who struck him with his fist
had the electric light on the
man's hand as he struck, which led her to
think the man wore brass knuckles. Heinze,
she said, was the man who kicked Brown.
He kicked him, she said, because he was
the man who turned Brown over and said
that he called out to look out for the cops, and
addressed one of his companions as "Char-
lie."The colored woman spoke to the men and
said to them, "You have knocked that man
down." One of the men replied, she says, "O, he is
drunk."Mrs. Boghines' husband works for Mr.
Niedringhaus, from whose house it was
stolen, and she thought at first it was
Mr. Niedringhaus, who was being assaulted.Her story of the assault corresponds
with that of the two colored women
who identified the men yesterday,
only that it is more complete.She said: "The other two colored women
stole the watch and ran away, and
crossed the street again and came back
to the place. The assault occurred
opposite the intersection of Franklin and
Garrison avenues, and sat down and applaud-
ed. They had been complimenting the amount of
the appropriation bills and others are expected
to come to light every day."

A GIRL'S FAIR NAME

It is in issue in a case of Alleged Forgery.

APPLICATION FOR A WARRANT AGAINST ARTHUR KELLY.

Miss Small, it was alleged, had given the boy the forged order—a warrant applied for to secure a criminal investigation and a vindication of the young lady.

George J. Hammond, an operator in the employ of the Western Union Co., this morning applied to Assistant Prosecuting Attorney Estep for a warrant for the arrest of Arthur Kelly, a 14-year-old boy, employed by the company, who, he claims, forged his name to an order on the company for \$15. There is a little love story back of the application. Some time ago Hammond was sent out of the city and it was during his absence that the bogus order was presented and cashed. When the fraud was discovered the boy, it is said, claimed that he had received the order from a Miss Small, also an employee, and a friend of Hammond's, and that he had given her the money. On the strength of his story, it is said, Miss Small was discharged. Hammond, of course, refuses to believe her guilty, and wanted the boy arrested in order to vindicate the young lady's character. He thinks that the boy is being held back on account of his connections, and that the story about his receiving the order from Miss Small was prompted by the belief that by revealing the boy's conduct the master would be allowed to dismiss him. He claims that she was told to return to work to-day. Manager R. H. Boble this morning called upon Mr. Estep with the order in dispute. Hammond was advised that his best recourse was to institute a suit for slander.

ANOTHER ALLEGED FORGERY.

Assistant Prosecuting Attorney Estep this morning issued a warrant for the arrest of S. O. Davidson on a charge of fraud. About a week ago Davidson is alleged to have asked James D. Smith of 105 North Thirteenth to cash a check for \$8, purporting to have been signed by his wife, Mrs. Little Davidson, on the Boatman's Bank. Smith did not have money in his account, so he wired City Marshal Neiser to cash the check, which on presentation to the bank was found to be worthless. Davidson's present whereabouts is unknown.

ASKED FOR A WARRANT.

George J. Hammond, a young man from Louisville, Ky., applied to Assistant Prosecuting Attorney Estep this morning for a warrant for the arrest of a former friend of his, Arthur Kelly, 14, who, it is said, came to his room, 112 South Sixth street, last Sunday morning and stole \$17 out of his pocket. He is to be held to answer to the police to secure the arrest of the man, after which a warrant would be issued.

School Board Proceedings.

The School Board meeting last night developed a surprise in the resignation of Director F. M. Brockman, Chairman of the Building Committee, who has been very active in school matters and who was instrumental in having Mr. B. C. Fiske, a resident of the city, appointed to the Board.

Brockman said that his resignation was ordered by his physician and that he was too ill to discharge his duties. The matter was held under consideration until the next monthly meeting.

A. H. Kirchner was appointed Superintendent of Schools in his place.

R. E. Singleton, removed last February. Director Fiske was the only negative vote and Mr. Kirchner's resignation came after a severe attack upon Mr. Kirchner's qualifications.

Director Fiske offered a resolution requiring Secretary Player to learn the cost of primary school buildings and to ascertain the cost of ordering Carlisle to return the excess over the appropriation, if such excess existed.

The report of the building committee was taken up by Mr. Kirchner, who stood on the award of the desk contracts, claiming that while the United States School Furniture Co. had the lowest bid, the desk price on the regular desks, the Tyler company, which was only 5 cents higher on two desks, more than made up on rear seats and would be in all \$61 cheaper.

Kirchner said that the trust was doing as they had done in the Merwin Supply Co. case.

The report of the building committee got the contract, however, by a vote of 11 to 6.

Druids' Anniversary.

The United Ancient Order of Druids will hold a big celebration to-night at Drudi's Hall, on Ninth and Market, in celebration of the fiftieth anniversary of the establishment of the Supreme Grove of the Order in the United States. There will be singing, songs, interspersed with recitations, followed by a hop. The Supreme Grove was organized in New York in March, 1845, and it is estimated that the order has now about 15,000 members.

A Post-Office Robbed.

A telegram was received by Post-office Inspector Dice from the Postmaster of Conway Springs, Kan., announcing that the Post-office at that point had been robbed. No particulars have been received.

LIKE THE HARRIS CASE

Dr. Buchanan, the Man Accused of Poisoning His Wife.

NEW YORK, March 15.—The trial of Dr. Buchanan for the murder of his wife by means of poison comes up before Recorder Smyth to-day, and it promises to rival the trial of Carolyne Harris, who is supposed to have poisoned his school girl wife, Hattie, P. M.

The alleged criminal here is a physician who knows all about poisons. He knows how to use them and how to conceal their effects. It will be a long and sensational trial.

Dr. Kirchner offered a resolution requiring Secretary Player to learn the cost of primary school buildings and to ascertain the cost of ordering Carlisle to return the excess over the appropriation, if such excess existed.

The report of the building committee was taken up by Mr. Kirchner, who stood on the award of the desk contracts, claiming that while the United States School Furniture Co. had the lowest bid, the desk price on the regular desks, the Tyler company, which was only 5 cents higher on two desks, more than made up on rear seats and would be in all \$61 cheaper.

A Post-Office Robbed.

A telegram was received by Post-office Inspector Dice from the Postmaster of Conway Springs, Kan., announcing that the Post-office at that point had been robbed. No particulars have been received.

Since his arrest considerable more evidence tending to show his guilt has been accumulated. The examination of the dead woman's stomach by Dr. Withers showed plainly that she had died of morphine poison. It is believed that she had been given morphine to relieve pain, and that her husband was a morphine eater. It is charged by the District Attorney that Buchanan administered the poison in order to deceive the physicians he followed, if not in an application of belladonna or atropine.

The Council and House.

At the meeting of the City Council last night a petition was presented asking for a tax of one-fifth of a mill to be levied for purposes of a free public library. It was signed by 1,000 tax payers. A resolution was adopted authorizing the police to use a part of the Compton Hill Reservoir grounds to the east of the reservoir to build a free library. The bill authorizing the Bell Telephone and the Telephone and Telegraph Service companies to buy two telephones was referred to the appropriate committees.

The Waverly place, bounded by Main and Adams streets, was passed and became a public walk in block of stone.

The bill to regulate Jefferson Avenue from Adams street to Franklin Avenue, together with a bill of minor public improvement matters, was passed.

GALLAGHER'S SILVER.

Poor-House Employees Complain of a Presentation Assessment.

The Poor-house employees, as a rule, get very small salaries. There seems a general feeling that for the next month or so they will be even smaller, and they are talking resentfully about it. Frank Greaver, the cook of the Institution, who appeared during the House of Delegates investigation some time ago as a young man who serenaded the daughter of the Superintendent on moonlight nights and who is now a member of the staff, with which he wants to be paid Mr. Gallagher a set of silvers to celebrate the anniversary of his accession to office. The employees have been asked to contribute to the testimonial, and understanding that their jobs depend on the amount of money they have to give. The men have paid \$10 apiece, ten men have given \$2 apiece, and others smaller sums. But the men are much complainant and the matter may be brought to the notice of the Health Department.

A Private Detective's Adventure.

E. F. Smith, a private detective, was with an adventure last night. Some days ago he received a note telling him to call on a woman named Mrs. Ella Wilson, living at 1006 Pine street. When he called last night he was met at the door by a man who knocked him down and threw him down the steps, he alleges. The landlord, Wm. Besch, was at home, and when he heard the noise, he got up to see what was the trouble. The man who had thrown him down said he was going to his house on South Leding-well avenue, and tell his wife. She was very angry and said she had no husband, and would have made a fight. Besch told her to move out, but she showed papers to prove she was the divorced wife of E. F. Smith.

An Important Difference.

To make it appear to the public, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a corrective condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

Missourians and Illinoisans.

Among the arrivals from Missouri and Illinois at the hotels to-day are: W. H. Fairbank, Joplin, Mo.; W. W. Fry and wife, Mexico, Mo.; Harry A. Piersol, Monroe City, Mo., and Morris H. Locke, Jerseyville, Ill., at the Laclede; R. P. Giles, Jerseyville, Mo., and John A. Clegg, 13-year-old colored boy, who worked for Mr. Lewis, was questioned by an officer and admitted the theft and returned the watch to Mrs. Lewis who refused to prosecute.

DREADFUL PSORIASIS

Covering Entire Body With White Scales. Suffering Fearful. Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my entire face. I was afraid that the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, and it then broke out on my arms and shoulders, until my arms were just skin and bone. The disease then spread to my body, my face, head, and shoulders being the worst. The white scales were so numerous that I could not get out of bed, and I could not even get up to wash. The skin was cracked, and the disease was incurable. I was so prostrated that I could not even get out of bed.

They said my life was in danger, and I feel it is my duty to recommend them. My health is restored as good as new.

HARD ON THE COLTS

How American Trainers Mistreat Their 2-Year-Olds.

THE LIFE IS RAGED OUT OF THE YOUNGSTERS.

One Reason Why Good Aged Horses Are Scarce Nowadays—Dominick McCaffrey Discusses Corbett, Mitchell and Sullivan—Another Fatal Prize Fight—Yachting—Sporting News.

"English trainers used to be considered very hard on their 2-year-olds, but they were men of mercy compared to the men handling colts in this country," said a horseman of many years experience, as he leaned over the rail along the homestretch at the East Side track yesterday. "This rage for racing 2-year-olds will result in our having no aged horses that are worth their training expenses. It is right enough to give a youngster a fair amount of work, but thirty or forty races is too much. If a colt is not much account, an owner cannot be blamed for running him to make weaker, so that grip, pneumonia, rheumatism, and other wasting diseases find an easy foothold."

But you ask, how shall colts' and their dancings pass? he proclaims. There's only one way to keep the blood moving, and that is to keep the stomach in good working order, and the nervous system strong and healthy. A pint of whisky, or a weary woman whose household duties are well taken, preferably pure whisky. There are many so-called whiskies in the market, but I prefer the pure, natural whisky, and that is Duty—pure malt.

The very fact that it is so strongly recommended by the horsemen of this country, as well as by thousands of people who use it as a means of keeping healthy and well, proves that the drink is good health-wise.

Do you drink it? My advice is to prefer inferior whiskey which your druggist or grocer may recommend; insist upon getting what you are told is good, and you will be safe.

JUST WHAT IT MEANS.

The Real Cause of a Cold Explained and How Easy It Is to Stop It Every Time.

Nothing is more common at this season of the year than the expression "I have a bad cold," but it means something far more serious than is generally supposed. It means that the person who has taken cold is in a bad state of health. Why? Because a person in good health easily resists cold. But let the health flag a little, let the stomach become deranged, let the nervous system get out of order, and a chill is easily taken. It goes to the weak spot and a cold is easily taken.

Now of all causes of cold, probably, fatigue, or weariness, is the most general. A tired man who comes home at night from a long day's work, or a weary woman whose household duties are well taken, preferably pure whisky. There are many so-called whiskies in the market, but I prefer the pure, natural whisky, and that is Duty—pure malt.

The very fact that it is so strongly recommended by the horsemen of this country, as well as by thousands of people who use it as a means of keeping healthy and well, proves that the drink is good health-wise.

Do you drink it? My advice is to prefer inferior whiskey which your druggist or grocer may recommend; insist upon getting what you are told is good, and you will be safe.

But you ask, how shall colts' and their dancings pass? he proclaims. There's only one way to keep the blood moving, and that is to keep the stomach in good working order, and the nervous system strong and healthy. A pint of whisky, or a weary woman whose household duties are well taken, preferably pure whisky.

The very fact that it is so strongly recommended by the horsemen of this country, as well as by thousands of people who use it as a means of keeping healthy and well, proves that the drink is good health-wise.
